**Product name:** Food Now!

**Team name:** 170 + 1

**Report date:** February 4, 2018

**Actions to stop doing:** We need to stop spending more time with our other projects and spend a little more time working on Food Now! All of us have major senior projects, such as the CMPS117 project for Bryan and the senior game projects for everyone else.

**Actions to start doing:** We need to start diverting a little more time away from our senior projects and pour effort into Food Now!

**Actions to keep doing:** We have been within contact with each other very well, and chip at Food Now! whenever we have time. Meeting whenever we're free outside of class is usually beneficial.

**Work completed:** Front-end set up with React, back-end set up with Express.

**Work not completed:** n/a

**Work completion rate:** 100%
